## Submission Guidelines

Selected abstracts may be either accepted for oral or poster presentation. The timing of poster sessions will be confirmed when the program is finalized. Author(s) must be available for discussion of their work during the designated poster session or following the oral presentation. Further instructions for oral or poster presentations will be provided with notification of acceptance. **All accepted oral and poster presenters are required to register for the conference.**

## Abstract Requirements

1. Submit the completed face page form containing the abstract title; complete name of all author(s); corresponding author's mailing address, telephone number, e-mail address; and, submission categories.
2. The abstract should be typed single-spaced in common fonts such as Arial (preferred), Helvetica, Times New Roman or Courier in at least 11 point size. The abstract's title should be typed in **BOLD** letters and should clearly represent the nature of the investigation. The title should be followed by the authors' first and last names.
3. Abstract text (not including title or author names) **should not exceed 500 words**. The abstract may appear in conference materials exactly as submitted, including errors.
4. Save abstract text as a Word or plain text document with the primary author's last name and the date submitted (e.g. Smith\_02-04-14).

## Body of Abstract

Organize the abstract as follows\*:

- Title
- Organization
- Objective: (Statement about the program purpose)
- Methods: (Statement of the program activities and target audience)
- Results: (Summary of the program evaluation, accomplishments and results)
- Conclusion: (Statement of the conclusions reached)
- Application: (Implications and significance of how program applies to Pacific health equity)

\*Modifications are acceptable if the subject matter cannot be adequately addressed within this framework; however, the authors are responsible for ensuring that the organizational format chosen is understandable.

## Notification
